

Break into Blockchain

With a growing need for data security & reliability within an increasingly digital care industry, Charlton Brown's two brand-new blockchain qualifications are designed to help individuals implement and foster blockchain adoption within the support sector, enabling innovation that will improve care outcomes.

10849NAT

DIPLOMA OF APPLIED BLOCKCHAIN

Learn how to apply blockchain technologies within an existing or new organisation. You will set up for management or operational roles within an organisation implementing new business models that incorporate blockchain technologies to create value, efficiencies and new opportunities. Plus, take on management or operational roles within an organisation implementing disruptive business systems that enable the application of blockchain technologies
